The Class of 1964 honors one we love....

Outstanding in each of our minds is a teacher whose dedicated attitude has endeared her to the hearts of J.H.S. In her teaching there is evidence of a great enthusiasm for her subjects and her students — this enthusiasm she imparts to those whom she serves as parent, as teacher, as church member, as advisor, and as citizen. There is always, in her patient manner of helping students, a quality of willingness which manifests her sincere interest in their welfare. It is with sincere appreciation that we, the 1964 Jeffersonian Staff, dedicate this book of memories to you.....

JEFFERSON HIGH SCHOOL

Foreword

Our memories of Jefferson High School are etched in ink on the pages of this 1964 Jeffersonian.

The moments of work and play, the moments of darkness and light, the moments of tears and laughter — all have made these high school days precious to us.

These moments recorded here have blended together to make an etching upon our memories to be forever cherished.

Administration

Mr. W. L. Colombo, *Superintendent*

During this school year Mr. Colombo has set a model example for us students to follow. His devotion to the school was seen and felt in every area from athletic to academic achievement. He worked continually to develop Jefferson High to its highest capacity. The numerous jobs which faced Mr. Colombo were all executed with the greatest ingenuity and proficiency. We, as students, discovered he was never too busy to lend an ear to our problems, to laugh at a good joke, or to cheer for the team.

Yes, under the leadership of Mr. Colombo, the organization at Jefferson High has become a tightly-knit body of administration, faculty, and student body.

Mr. D. D. Brooks, *Principal*

As principal, Mr. Brooks is well-liked and respected by all. With an understanding mind, he helps students to become more responsible and better adjusted citizens. His sincere interest in the well-being of each student is evident in his work. Backing all worthwhile school projects, he becomes acquainted with the students and their problems. His attention is widely distributed over all phases of Jefferson's administration.

The William Duncan Martin Memorial Library

The new library will be one story and mezzanine, steel framed building with concrete black cavity type interior walls and concrete block interior partitions. The library will seat approximately 325 students. It is to have two seminar rooms seating 25 and an audio-visual room seating 75. It will have a work room and book storage room for the librarian and enough shelving for 77,000 volumes. In addition to the seminar rooms, which can be used for small group discussions, individual study carrels will give students an opportunity for independent study.

DYNAMIC NEW FORCE IN RURAL AMERICA

There is a dynamic new force in rural America....the Rural Electric Cooperative. Today in rural areas, ninety-eight percent have electricity and numerous non-farm people and businesses have moved to the country because low-cost electric service has been made available by Rural Electric Cooperatives.

The Jackson E.M.C., Georgia's second largest rural system, is happy to have a part in this dynamic force which helps to create more jobs so that our youth can find suitable and challenging employment at home.

The Junior-Senior prom, we did the town
 And all those parties we had around,
 We will have these moments to remember.
 The sports we shared, the noisy fun,
 The trip we took to Washington,
 We will have these moments to remember.
 Though winter turns to summer,
 And the seniors disappear,
 The laughter we were glad to share,
 Will echo through the years.
 When other nights and other days
 May find us gone our separate ways,
 We will have these moments to remember.

*"And so my fellow Americans,
ask not what your country can
do for you — ask what you can
do for your country."*

— John F. Kennedy

Charles,
I have certainly
enjoyed having several
classes with you this year.
I shall look forward to the good
times we shall have in our
Junior and Senior years. I wish you
the best of luck, because you are a deserving
person. May all your wishes in life be supplied.
Lots of luck,
Gaine

Charles,
I have enjoyed
knowing you this year.
I want to wish you the best
of everything.
Lots of luck
Dorel
P.S. I hope you through the line
150 feet.

Charles,
It has been a
pleasure trying
to go through
Spanish with you.
Best of Luck.
Timmy

Charles,
I've really enjoyed
this year, even though
we haven't had but
one class together,
and we didn't get
to talk then. You're
a great guy and
even a greater friend.
You deserve the best
in life, and I know
since it's you, you can
achieve it.

Charles,
May you have the best
of luck and all the happiness
that life has to offer.

Good luck and Best
Wishes always!
Lots of luck,
Sandra

I have enjoyed getting
to know you this year. Good
luck and Best Wishes.

Good Luck
Sandra

P.S. Keep up the good work in
Geometry.

Charles,
It's been great knowing you
these past years. Hope our friend-
ship will continue for years to come.
Best of Luck always. My wish
for you in life is that you will
find all the success & happiness which
you want (SEE you next year
in football) of course.
Hanson

Charles,
We certainly have been
through many rugged
football seasons together and
many hard times. I hope you
have a good season next year.
May I also wish you success
in your future profession. Maybe
we will both be able to add
M.D. to our name someday.

Friend,
Earl

Charles,

I really
enjoyed yelling
for you while
you were playing
football. I have
had much pleasure
in being acquainted
with you. Remember
all the fun we've
had in Spanish? Oh
well, how could you
forget? Lots of luck
to a real great guy.

Love

Mildred L.
